

☒ Step 2: Understand PMP Eligibility Criteria – Every Detail Matters

PMI has strict **eligibility rules**. Let's break them down clearly:

☒ 1. Education:

You must have either:

- A 4-year degree (e.g., BBA, BSc, BSCS, BE, BTech)
OR
- A High school diploma or 3-year associate degree

☒ 2. Project Management Experience:

- 36 months (3 years) if you hold a 4-year degree
- 60 months (5 years) if you only have a high school diploma or associate degree

⌘ *Your experience must involve leading or managing project work — even freelance or unofficial projects count if you planned, managed, or executed them.*

⌘ **3. 35 Contact Hours of Formal Training:**

You must complete 35 hours of formal Project Management education from an approved provider.

⌘ *Without this, PMI will reject your application — no exceptions.*
